One Month to Go!

We are one month away from Open Enrollment!

The most inspiring pep talks are often given when teams face long odds. In the words of the legendary football coach Vince Lombardi, “It’s not whether you get knocked down; it’s whether you get up.” In our case, the scoreboard shows that we are up!

Nearly 458,000 Marylanders have enrolled in quality and affordable coverage in 2014. The net increase in Medicaid enrollment as of Sept. 29, 2014 is 262,979 compared to Dec. 31, 2013. The investment in the new Maryland Health Connection web portal is intended to help us continue to provide quality and affordable coverage.
